The buffer :

It can be considered as the output of any element,system,such as low pass filter,high pass filter,band pass filter,sharp selected band reject filter,all pass filter,under my 6 main principles:

1-Hosam mostafa.

2-my delta.

3- Dealing with and eliminating obsession.

4- Sciences&my sciences.

5- A ring in a flute.

6- The daption,and the conditioning.

Or any element,part,system,and Hosam mostafa in the whole system connected to my ground.
